### “The Trickster and Raven’s Journey”

If the Raven comes into your life, expect magic. These creatures are filled with playfulness and intelligence. Ravens are the only bird species to use a stone, twig and other objects as a tool. They have the ability to learn words or mimic the sounds of other birds. The Ravens have been a source of myths and folklore in cultures throughout the world. They have been called tricksters, shapeshifters, healers, omens, and they even bring us out of the darkness and into the light. The Raven is here for you as the revealer of pathways which will illuminate your world.
